# Evident . I-REC Code for Electricity

## SF-07: Country Report Template

### 1 Introduction

The following template included within this document sets out the minimum expected information to be included in proposals for commencing Issuing of I-REC(E) in any country. Evident reserves the right to request further information in addition to that requested in this form where, in its reasonable opinion, such information is required to establish the ability to legally, robustly, and accurately support Issuing of I-REC(E).

Submitters may, at their discretion, provide this information in another language **in addition to English.**

Completed country reports should be sent by email to [helpdesk@evident.global](mailto:helpdesk@evident.global).

This document is correct at the date of issue, however Evident may change the information requirements without notice where necessary for compliance with national legislation or to preserve the integrity for the I REC(E) market.

## SF-07: Country Report Template

<b>1.1 SF-07: Issue Country Report Template</b>	
<b>Country name</b>	

<b>1.2 Electricity Generation and Demand</b>		
<i>Complete all fields based on latest available data.</i>		
<b>Generation</b>	<b>Technology</b>	<b>Capacity (MW)</b>
	<i>(please list all utilised technologies)</i>	
<b>Demand</b>	<b>Sector</b>	<b>Demand (GWh)</b>
	Industrial/Commercial/Domestic	

<b>1.3 Electrical Interconnection and Import/Export</b>			
<i>Complete for all interconnected countries based on latest available data.</i>			
<b>Connected country</b>	<b>Capacity (MW)</b>	<b>Annual import from country (GWh)</b>	<b>Annual export to country (GWh)</b>

<b>1.4 Market Structure</b>
<i>Provide an overview of the electricity market structure and any mechanisms that may impact on the renewable electricity sector.</i>

<b>1.5 Responsible Government Department</b>
<i>Provide details of the government department(s) responsible for energy and renewable electricity policy and any associated regulatory authorities.</i>

<b>1.6 Existing/Planned Energy Legislation</b>
<i>Provide a summary of existing and planned energy legislation and details of where such legislation may support or restrict the implementation of I-REC certification with the country.</i>

# Evident . I-REC Code for Electricity

## SF-07: Country Report Template

### 1.7 Environmental and Renewable Electricity Legislation

*Provide a summary of existing and planned environmental or other legislation specific to Renewable Electricity and details of where such legislation may support or restrict the implementation of I-REC certification with the country.*

### 1.8 Existing/Planned Certificate or Support Systems

*Detail any existing or planned certificate systems, renewable support mechanisms, or any conflicting regulatory risks that might impact on the use or integrity of any issued I-RECs.*

### 1.9 Extent of Engagement with Government

*Provide a summary of any contact already made with the national government regarding certification in general and I-REC in particular.*

### 1.10 Expected Response from Government

*Provide an indication of any expected response from government or regulatory authorities to the potential introduction of I-REC certification within the country*

### 1.11 Proposed Restrictions

*Provide details of any proposed conditions to be applied to the issuing, trade, or redemption of I-RECs.*

### 1.12 Any Other Relevant Information

*The Country report may be extended beyond the required information as necessary to provide further context.*

### 1.13 Author

*Complete all fields.*
